Innovative, Modern, Safe
Baby & Kid Products

Meet the challenges of modern parenting.

At ZoLi we design products to make parents' lives easier with safe, innovative and intuitive products. As parents, we value safety and function so we use only non-toxic materials to deliver products free from harmful chemicals. 

We believe in protecting our planet, so we look for ways to leave a smaller footprint. As such, we incorporate recycled paper and soy-based inks in our packaging and marketing materials. Our packaging is also designed to limit the use of excess paper and plastic.

How can a baby product be both practical and fun? Both innovative and eco-friendly? Page through our catalog and see for yourself. Choose ZoLi products to make a smarter choice... for your child and for your environment.

BOT™

6 oz straw sippy cup

This isn't your ordinary sippy cup. The straw moves in any direction the cup is tilted. With BOT, there's no more gulping air ... or wasted liquid at the bottom of the cup.

Features

- 9m+
- Capacity: BOT 6 oz (180ml) / BOT XL 9 oz (270ml)

BOT™ Available in

BOT XL™

9 oz straw sippy cup

- Flexi-straw technology
- 360 degree tilt

BOT XL™ Available in

Accessories: Replacement straws

2 straws + cleaning brush
BA10SCB002

3 straws only
BA13SCB003

GULP™ ceramic tumblers

Is your toddler ready to move to big kid cups? Help make the transition easier with GULP. These ceramic cups have a wide base to prevent tilting, and a silicone sleeve to help with their grip.

Features

- 3y+
- Capacity: 9 oz (280 ml)
- Wide base prevents tipping
- Includes two cups (same color) per pack

Available in

STUCK™ suction bowl feeding kit

STUCK takes the traditional suction bowl to a new level. The bowl kit has an extra strong suction base, a deep bowl to hold lots of food, divided tray for extra goodies, and a lid for easy transport and storage. The ergonomic fork and spoon are perfect for toddlers learning to self-feed.

Features

- 6m+
- Capacity: 16 oz (470 ml)
- Suction bottom ensures the bowl stays put
- Includes deep bowl, inner tray, lid, fork, and spoon

Available in

FORK & SPOON ergonomic fork & spoon set

We can't promise that your child won't spill the spaghetti. However with easy-grip handles and a wide bowl to easily scoop up food, FORK & SPOON offers an easy way to feed your baby or let them learn to feed themselves.

Features

- 6m+
- Ergonomic handle for easy grasp
- Wide scoop on both spoon and fork
- Includes storage / travel case

Available in

SNIP™ ceramic food scissors

Don't let that fruit and veggie plate scare you. Now it's easy to cut food items such as grapes, chicken nuggets, and vegetables into tiny, bite-sized pieces for your toddler. With a cover for portability, you can use SNIP ceramic scissors at home or on the go.

Features

- 12m+
- Ceramic blades stay sharp and germ-free
- Lightweight, compact, and durable
- Includes a cover for easy portability

Available in

ON-THE-GO™ formula & snack dispenser

Easily feed your baby when you're out and about. Each container individually seals to ensure food stay fresh. It's a breeze moving formula to a bottle with the easy-pour spout. No spills or mess! Just stack as many containers as you need, and tuck them in your diaper bag for a day of fun.

Features

- 0m+
- Capacity: Each container holds up to 4 oz (120 ml)
- Four stackable containers
- Easy-pour spout

Available in

SUMO™ snack stacker

With the same conveniences as the ON-THE-GO dispenser, the SUMO snack stacker is larger for your child's growing appetite. Each of the three stackable containers holds up to eight ounces of your child's favorite snacks. Choose how many you want to use, and off you go.

Features

- 12m+
- Capacity: Each container holds up to 8 oz (240 ml)
- Three stackable containers

Available in

BOTTLES 5 oz polypropylene bottles

Feed your little one with confidence and comfort. Our wide-neck bottles reduce air intake and prevent nipple collapse. Zoli bottles are made of polypropylene plastic - a safe material, free of chemicals such as BPA and phthalates.

Features

- 0m+
- Capacity: 5 oz (150 ml) bottles / 10 oz (300 ml) bottles

Available in

BOTTLES 10 oz polypropylene bottles

Feed your little one with confidence and comfort. Our wide-neck bottles reduce air intake and prevent nipple collapse. Zoli bottles are made of polypropylene plastic - a safe material, free of chemicals such as BPA and phthalates.

Features

- Patented integrated venting system to reduce colic
- Includes two bottles per pack

Available in

Accessories: Anti-colic replacement nipples

Includes two nipples per pack

MATTIES™
reusable placemats

Dine in or out knowing that your child has a clean and safe eating surface. Free of any VOC (volatile organic compounds), 100% silicone MATTIES placemats can safely be used over and over again. Easy to clean and store, these placemats are the eco-friendly alternative to disposable mats.

Features

- 6m+
- Measurements: 11" x 16" (28 cm x 40 cm)
- Water and odor resistant
- Includes two placemats per package

Available in

BUNNY™
teether

Is your baby teething? Then hop to the BUNNY teether. With dual nubs to soothe hard-to-reach molars, BUNNY teether is the safe, new way for babies to ease teething discomfort.

Features

- 6m+
- Dual soft textured tips to soothe baby's gums
- Oval handle for easy grasp

Available in

GUMMY STICK™
gum massager

Discover a way for babies to ease teething discomfort while gaining dental hygiene habits. Vibrantly colored, GUMMY STICKS have soft nubs to soothe sore gums, an easy to grasp handle, and a safety shield to prevent over-insertion.

Features

- 6m+
- Soft, textured tip to soothe baby's gums
- Easy-to-hold with anti-choke shield
- Includes two sticks in a pack

Available in

MUNCH™
silicone teether

Make the natural choice for your teething baby. Soft, pliable, and free from dyes, MUNCH teethers are 100% food-grade silicone. The textures soothe baby's gums and ease the discomfort of budding teeth.

Features

- 4m+
- 100% silicone
- Lightweight design and shape for easy grasp

Available styles

BABY OHM™ diaper changing mat

Stay "centered" during changing time with the non-slip BABY OHM changing mat. BABY OHM is made of thermoplastic elastomer, a non-toxic, photodegradable material with no PVC, latex, or chloride. With BABY OHM, you can be mindful of your baby's health and environment.

Features

- 0m+
- Measurements: 14" x 22" (35 cm x 56 cm)
- 100% degradable
- Non-slip & water-resistant

Available in

BREATHE™ nasal aspirator

Breathe easy knowing BREATHE will help when your baby gets stuffy. Clinically tested to be safe for newborns, the gentle, steady suction quickly clears your baby's nose.

Features

- 0m+
- Soft, reusable silicone tips
- Easy to clean collection cup

*Batteries not included. Requires 2 AA batteries.

Available in

- Stage 1: 0 - 3 months
- Stage 2: 3 - 6 months
- Stage 3: 6 - 12 months
- Stage 4: 12+ months

BUZZ B™ nail trimmer

You don't need a magnifying glass to safely trim your baby's nails. The BUZZ B nail trimmer uses a unique motion and cushioned pads to gently and easily file tiny fingernails without harming surrounding skin. BUZZ B comes with four cushioned pads, each designed for a different stage of your baby's growth.

Features

- 0m+
- Safe and effective for babies to toddlers
- Includes 4 cushioned pads with different textures

*Includes: storage case, 1 AA battery, operation manual and 4 nail pads.

Available in

- white: shape
- pink: smooth
- lavender: buff
- purple: shine

TWEEN B™ nail buffing set

You and your little girl can style your nails naturally and without the mess of nail polish. TWEEN B safely shapes, buffs, and shines young fingernails using the same oscillating motion and cushioned heads as our award-winning BUZZ B.

Features

- 5y+
- Comes with 4 cushioned pads to shape, smooth, buff, and shine

*Includes storage case, 1 AA battery, operation manual and 4 nail pads.

Available in

DINE™
vacuum insulated food jar

Since when can a home-packed lunch be a "hot lunch"? DINE food jars make it possible, keeping food hot or cold for hours with double-walled, vacuum insulated stainless steel. Cool to the touch with both hot and cold meals, DINE food jars are perfect for healthy meals on-the-go.

Features

- 3y+
- Capacity: 12 oz (350 ml)
- Insulated and leak proof
- Wide opening for ease of use

Available in

THIS & THAT™
double tiered vacuum insulated food jar

Who said you had to pick just hot food items, or just cold? This modular set of food containers allows you to pack both hot and cold food items for meals on-the-go. Made of stainless steel and double-walled, vacuum insulated, each container will keep your food hot or cold for hours.

Features

- 3y+
- Capacity: Each container holds up to 8 oz (240 ml)
- Insulated and leak proof
- Convenient, modular stacking system

Available in

D.LITE™
10 oz vacuum insulated straw drink bottle

Are these the hottest drink bottles to hit the market ... or the coolest? DASH and D.LITE double-walled, vacuum insulated drink bottles keep drinks hot or cold for hours. Both feature totally bright colors and are made of high-quality stainless steel on the exterior and interior.

Features

- 3y+

NOMNOM™ BAG

insulated lunch tote

Pack lunchtime goodies in the roomy and insulated NOMNOM bag. Use the adjustable divider to keep hot foods separate from cold foods or fold the divider back if you don't need it. Accommodates all of ZoLi snack, food, and drink containers.

Features

- 3y+
- Durable canvas exterior
- Roomy interior to hold your meals
- Extra pockets on side and inside of lid for additional snacks, ice pack, napkins, and/or utensils

Available in

QUENCH™

beverage bottle

Simple yet stylish, the QUENCH bottle holds 25 ounces of your favorite beverage. With an easy-to-drink spout and a wide mouth for inserting ice cubes, lemon wedges, and cucumber slices, QUENCH is perfect for staying hydrated on the soccer field, at the gym or even during meetings.

Features

- 5y+
- Capacity: 25 oz (740 ml)
- Lightweight and portable
- Easy to drink spout
- Includes an easy-to-carry strap

Available in

REFLECTOIDS™

reflective key chains

The REFLECTOIDS are stealth safety experts. They have been sent to Earth to help parents and kid-kind. Their unique ability to "Flash" when light shines upon them makes them indispensable in the constant struggle to keep parent and child safe.

The REFLECTOIDS camouflage themselves as little grey dolls casually hanging out on backpacks, bikes and strollers. You can sometimes see them when they phase into Flash mode. Keep your eyes peeled for these safety buddies.

Bunny

KS12RFBU01

The bounciest of the REFLECTOIDS. Her shape has inspired so many amazing things including ZoLi's new teether!

Lil Beast

KS12RFLB01

The fastest of the six - LB is capable of covering large distances within a single stride. LB is also known for her masterful disguises and is one of the 3 girls on the Team. She prefers her nick-name, "Beast."

Splat

KS12RFSP01

Self-explanatory - loves to mimic manholes and flying discs. He is the best flier of the group and can be found on occasion keeping cups from leaving a ring on furniture

Octo

KS12RFOC01

Better know as Quado to his friends. Always sensitive about his name because his father, who had double-vision, named him. He sometimes camouflages himself as a soccer goalie mitt.

Meep

KS12RFME01

Likes to consider himself a master of disguise. However, oftentimes, he is mistaken as a button when hidden on keychains.

Zee

KS12RFZE01

Sometimes goes by Zed or Zo. She is graceful and intelligent and always has a kind thing to say. She is the leader of the group and keeps everyone's spirits high and moving forward.

BOTTLE 2 Sippy

bottle to sippy conversion kit

Extend the usefulness of your ZoLi bottles. Replace the nipples with soft SIPPY spout and handle and voilà ... it's a sippy cup. Our conversion kit seamlessly transitions your child to the next stage of feeding.

Features

- 9m+
