Our philosophy at HALO® comes from our commitment to putting babies' safety first. This guides us in all we do, including how we develop, manufacture, test, market, and service our products.

Helping Babies Sleep Safely

Our founder Bill Schmid and his wife lost their first born to SIDS. From this tragedy, HALO and its mission were born. For more than 20 years we've been educating parents about safe sleep practices and supporting charities such as First Candle/SIDS Alliance, CJ Foundation for SIDS and Canadian Infant Safe Sleep. Since 2005, the American Academy of Pediatrics has suggested the use of wearable blankets. Today, HALO® SleepSack® wearable blankets are the #1 choice of hospital nurseries in North America to help babies sleep safely from the start.

Bill Schmid, HALO's Founder

Helping to promote safe sleep education for all caregivers is part of our core mission. That's why we provide HALO® SleepSack® wearable blankets and safe sleep educational materials to more than 1,400 hospitals and support charities like First Candle/SIDS Alliance, CJ Foundation for SIDS and Canadian Infant Safe Sleep. In fact, we've donated over \$3.8 million dollars to keep babies sleeping safely from the start.

The HALO® SleepSack® wearable blanket is the #1 trusted choice of hospitals and parents to keep babies sleeping safely.

HALO
bassinest
swivel sleeper

Safer for Baby. Easier for Mom.

The revolutionary HALO® Bassinest® Swivel Sleeper is the only infant bassinet that moves. Now mom can sleep as close as she wants to her little one while her baby sleeps safely in his separate space.

Swivel brings baby to mom for close, safe sleep.

Rotates to make getting in and out of bed easy.

Side lowers, so tending to baby from bed is easy. Auto-return ensures baby always sleeps safely. Wall locks, if desired.

Easier to see and easier to soothe. Baby is visible at eye level for easy soothing, while mesh walls provide maximum breathability.

Stable base adjusts to fit beds 22" to 34" high.

Base tucks under bed making it ideal for small spaces. Requires only 32" (81 cm) clearance.

The HALO® SwaddleSure™ Adjustable Swaddling Pouch is the safe, easy and secure way to keep baby sleeping longer and more peacefully. Its innovative design with adjustable fasteners make it easy to swaddle correctly for a perfect fit every time. Plus, its patented three-point fastening system resists “breakouts” for superior, more secure swaddling. Its generously-sized leg pouch help baby’s hips stay in the correct, frog-like position which ensures healthy hip development and allows easy access to baby’s diaper for diaper changes.

Safe, Secure Swaddling Made Easy

Patented, three-point fastening system resists “breakouts” for superior more secure swaddling.

Easier and safer to use than other swaddling methods.

Generous wings and fasteners offer maximum adjustability for a perfect, snug fit.

Roomier pouch design ensures healthy hip development and easy diaper access.

The HALO® SleepSack® is the *original* wearable blanket. Created by Bill Schmid after losing his daughter to SIDS. The SleepSack wearable blanket has been carefully crafted to ensure all aspects of the product are the safest it can be. Like its sleeveless design, to help reduce the risk of overheating; a roomy, “hip healthy” sack to promote healthy hip development. And, the now iconic “Back is Best” embroidery to remind all caregivers to put babies to sleep on their backs. **Little details that make a big difference for the safety of your little one.**
